The tremendous honor of receiving a yearbook dedication is accomplished by only a few. This is why we of the Delian staff have gone to great lengths to choose the individual that most deserves this award. Our choice for the dedication of Piedmont Hills 1966-1967 Delian is Mr. Gerald Bocciardi.

As an administrator and as an educator he has won the respect and admiration of faculty and Student Body alike. But even more, Mr. Bocciardi has been the driving force behind Piedmont Hills.

We, the student body, would like to express our sincere gratitude to Mr. Bocciardi for the keen interest and concern he has shown for our welfare and for all the work he has done to make our own Piedmont Hills a truly great school.

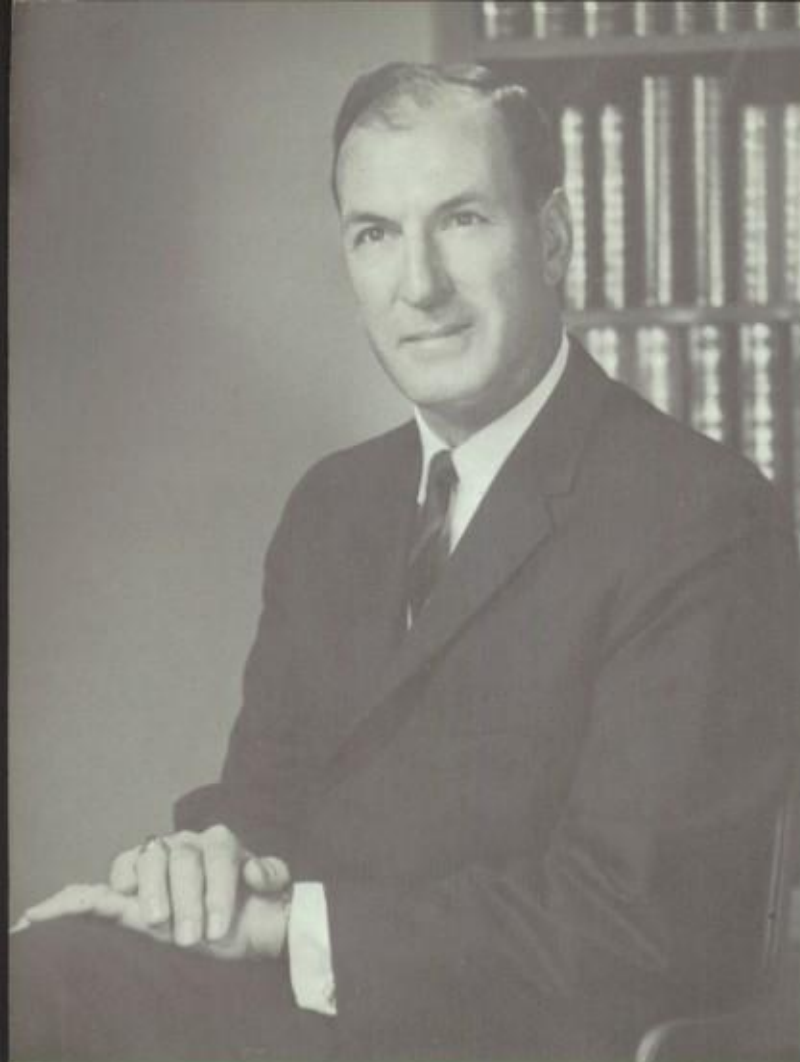

DISTRICT ADMINISTRATION

September 12, 1966, marked the beginning of an era in the history of the Piedmont Hills High School Pirates. The most valuable treasure was a sparkling new high school. The classes in attendance this year have had many opportunities to establish meaningful and lasting traditions. The yearbook staff and adviser have labored diligently to record the many memorable events of this year in your new school.

As time passes, this yearbook will provide many opportunities to rekindle fond memories of your teachers, friends, and Alma Mater. I am certain "The Delian" will be among your most valued possessions.

I wish to take this opportunity to congratulate the Class of 1967 and to extend best wishes for success.

PRINCIPAL'S MESSAGE

It is with intense pride that I look back to the positive contributions made by the Class of 1967, the very first class to graduate from our new facilities.

In spite of some construction problems and even with the tremendously increased number of students, our senior class manifested the tone, calmness, and maturity necessary to lead positively. The Class of 1967 showed the way for others to follow, and the leadership was strong and healthy.

You, our graduating seniors, faced a multitude of acute challenges inherent with a new school in a changing community during complex times. You faced these challenges boldly and, in so doing, you laid the firm structure upon which many future generations of Pirates will build. Most importantly, you met your responsibilities with dignity and resolution.

We salute you.

And a man said, Speak to us of Self-Knowledge.

And he answered, saying:

Your hearts know in silence the secrets of the days and the nights.

But your ears thirst for the sound of your heart's knowledge.

You would know in words that which you have always known in thought.

You would touch with your fingers the naked body of your dreams.

And it is well you should.

The hidden well-spring of your soul must needs rise and run murmuring to the sea:

And the treasure of your infinite depths would be revealed to your eyes.

But let there be no scales to weigh your unknown treasure:

And seek not the depths of your knowledge with staff or sounding line.

For self is a sea boundless and measureless.

Say not, "I have found the truth," but rather, "I have found a truth."

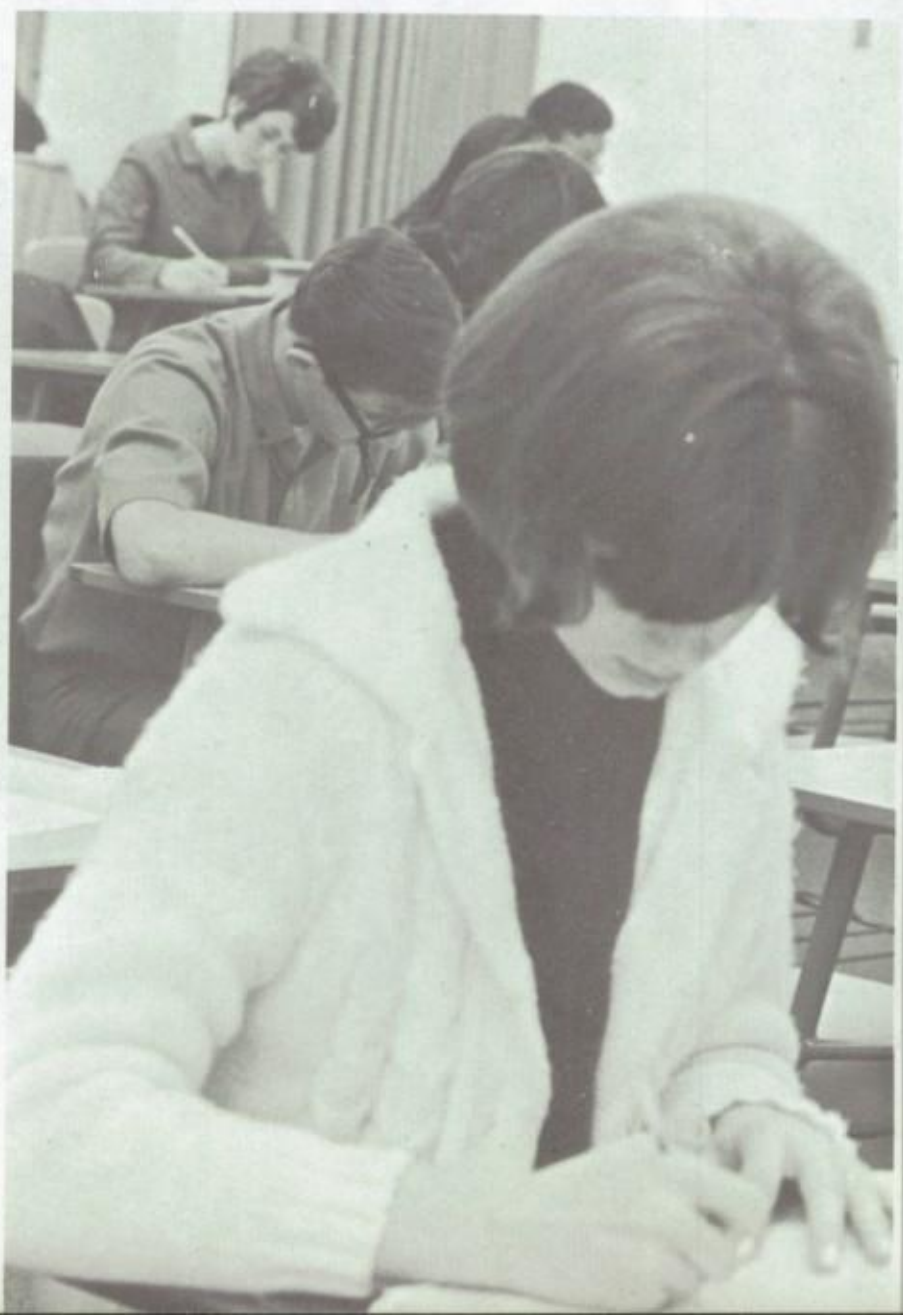

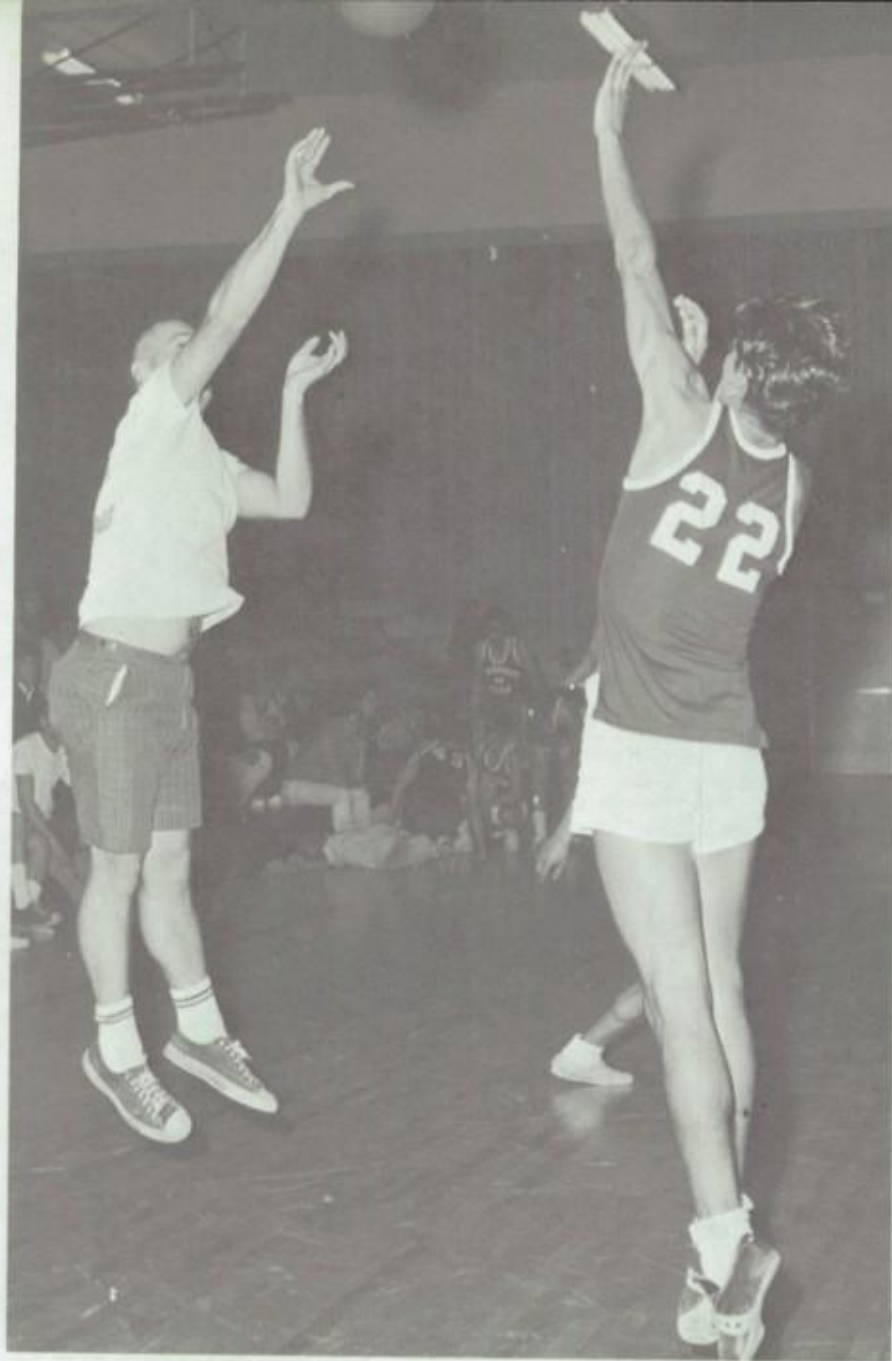

Say not, "I have found the path of the soul." say rather, "I have met the soul walking upon my path."

For the soul walks upon all paths.

The soul walks not upon a line, neither does it grow like a reed.

The soul unfolds itself, like a lotus of countless petals.

The Prophet
